

**Evidence of Progress Monitoring**  
**School District of Indian River County**  
**#SDIRCStrongerTogether**

**Date:** 9/21/2020

**School/Department:** Treasure Coast Elementary

**Action Step # and Description:** 1.4 Targeted Reading Interventions  
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

**Explanation of Evidence:** Due to the delayed opening of the school year, iReady Diagnostics and other schoolwide data collection (FLKRS, DIBELS, Running Records), is currently being completed. Over the next two weeks (September 21st – October 2nd), each grade level will be meeting with school leadership to use data to place students in targeted reading interventions.

**Results of Action Taken:** All reading interventions, including Tier 2 and Intensive Instruction (Tier 3), will be in place by Monday, October 5th.

**Reflection:** After reflecting on this item as team, we have decided to finish each school year with a data chat with each grade level. The purpose of the meeting will be to look at end-of-year data and set up Targeted Reading Interventions for the beginning of the following school year. Although “summer slide” affects students differently, this will ensure that we can begin the school year immediately with interventions in place.
