

**Evidence of Progress Monitoring**  
**School District of Indian River County**  
**#SDIRCStrongerTogether**

**Date:** 10/6/2020

**School/Department:** Gifford Middle

**Action Step # and Description:** 1.6-Extended Learning Opportunities for Remediation & Enrichment  
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

**Explanation of Evidence:** Students were identified as being in the lower 35% quartile and selected to be in the afterschool W.A.R. C.L.U.B(Writing And Reading Creative Logical Understanding Belief). This club will provide remediation and support in the academic areas of Reading and Writing & Learning Strategies.

**Results of Action Taken:** As a result of student attendance in the W.A.R. Club, we anticipate that the students will improve academically. Data will be collected in the form of Unit Assessments, iReady and Grades to further assess the needs of the students.

**Reflection:** Due the abrupt closure of school due to Covid-19, students need more intensive support earlier in the school year. The traditional "summer slide" coupled with months of online learning has proven to be a stumbling block for students and even more so for those students that were deficient in the area of ELA. The WAR CLUB will provide that much need academic support in non-traditional inclusive environment. Students will be monitored on Unit Assessments, iReady and grades throughout the duration of attendance in the W.A.R. Club.
