Evidence of Progress Monitoring

Date: 10/23/2020

School/Department: ~~SCSH~~ item.

Action Step #
and Description: 1.6
(If more than one action
step is evidenced here,
please include all action
step #'s and a brief
description of each.)

**Explanation of
Evidence:** Upon the completion of NWEA testing and a review of the data, struggling students were; 1. Placed into Success class or reading class if their proficiency level was not on grade level. 2. Provided tutoring after school, during lunch, and during the WIN (What I Need) period at the end of the day.

**Results of Action
Taken:** Approximately fifty students had schedule changes to better meet their needs and allow teachers to provide additional assistance to those students. After school tutoring has been well-attended since we started two weeks ago.

Reflection: The additional time provided for students to have small group and individual instruction with their teachers has helped them improve their grades. The Winter NWEA test will determine the success of these activities.
