Action Step #

and Description:

(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Action Step 1.7 - Balancing Student Enrollment

An intentional focus on strengthening relationships with our African American families will continue this year. We will share out information via Social Media and continue to promote Glendale everywhere we go! Currently the enrollment at GES reflects:

GES 17.8% African American	district=18%
GES 18.6% Hispanic	district=24%
GES 60.56% are White	district=52%
GES 36.7% are Other	district=6%

Explanation of Evidence:

District student Enrollment Plan with current school enrollment will be used when Survey 2 and 3 are included, to show percentage of students at GES.

Results of Action Taken:

We will continue to monitor our enrollment throughout the year and monitor our enrollment as it compares to district percentages.

Reflection:

Our goal is to continue to look for a balanced student enrollment and attract all students to our campus.
