

## Evidence of Progress Monitoring

School District of Indian River County

#SDIRCStrongerTogether

**Date:** 9/13/2020

**School/Department:** Fellsmere Elementary

**Action Step #**

**and Description:**

(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

1.11 Develop a process to identify the current needs and supports for equitable participation in extracurricular activities.

**Explanation of Evidence:**

FES will use data, and our culturally responsive/bias training to educate staff on best practices, as we look to begin extracurricular activities on campus. Training will occur on Wednesday, September 23rd by Ms. Lavonne Walker and Dr. Deborah Long. See e-mail from Dr. Deborah Long.

**Results of Action Taken:**

By providing this training, FES will ensure equitable participation in extracurricular activities.

**Reflection:**

By training teachers, FES will be able to identify and offer our African American student's chances to participate in extended learning opportunities. We believe that this focus will help improve and increase student achievement.
