

Evidence of Progress Monitoring

School District of Indian River County

#SDIRCStrongerTogether

Date: 9/21/2020

School/Department: Gifford Middle

Action Step # and Description: 1.11 Extracurricular Activities
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: The evidence is a tool that is used to monitor students involved in Extracurricular activities. This document is used as a for students to be held accountable for their overall performance and monitor their progress.

Results of Action Taken: GMS ensures that equal representation is included in all ELO. If a barrier presents itself the GMS administration team will problem- solve to ensure students have access to opportunities that enrich their academic success.

Reflection: The expectation is for our Extracurricular Activities represent the diverse population of students on campus. All students are encouraged and invited to participate in ELO; with the knowledge that they must be responsible and self-monitor with the assurance that support will be available if needed.

Extracurricular Activities Action Plan:

1. All rosters are approved by School Administration BEFORE being publicized to the students/families.
2. Payment plans for Financial obligations are made to families if needed.
3. Sponsors are solicited to help offset financial obligations for students.
4. G.L.A.D. sheets are submitted each week by the student to monitor the need for academic support.
