

Evidence of Progress Monitoring
School District of Indian River County
#SDIRCStrongerTogether

Date: 9/13/2020

School/Department: Treasure Coast Elementary

Action Step #
and Description: 1.11 Extracurricular Activities
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: The attached procedure represents the plan to ensure that extracurricular activities have a proportionate number of students within each subgroup, including African-American students.

Results of Action Taken: The only current extracurricular activities for students, due to COVID-19, is 5th grade safety patrols. The teacher coordinator of safety patrols was contacted to share names with our Multi-Cultural Coordinator. Percentages are compared and students are recruited to ensure that subgroups are equitably represented.

Reflection: As the year progresses and we are able to add additional extracurricular activities, this procedure will ensure that students are equitably represented. Sometimes there are students that simply need an additional adult to encourage them to be involved beyond the regular classroom learning.

Extracurricular Activities Plan

Treasure Coast Elementary

All extracurricular activities will submit student names and ethnicities to the school Multicultural Coordinator. The percentage of students in each subgroup, including African-American students, will be compared to schoolwide percentages. If the percentage of students are not within 5-10% of schoolwide percentages, students will be recruited to join the extracurricular activity.
