

**Evidence of Progress Monitoring**  
**School District of Indian River County**  
**#SDIRCStrongerTogether**

**Date:** 10/9/2020

**School/Department:** Pelican Island Elementary

**Action Step # and Description:**  
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

**Action Step 1.13 - Data Chats for Improved Student Learning**  
Provide support to teachers and administrators on the use of real-time data specific to African American students in order to have effective data chats and plan targeted support for improved learning.

**Explanation of Evidence:** Evidence of leadership teams using Power BI to monitor the impact of instruction  
Data chat tools  
Evidence of classroom-based progress monitoring

**Results of Action Taken:** Teachers, interventionists, and the leadership team continue to use real time data to have effective data chats and plan targeted support for improved learning. Collaborative planning, Rtl group formation, and data analysis in preparation for our district impact reviews take place in an ongoing manner. Each student is reviewed individually to ensure that the support they are receiving is appropriate for their needs.

**Reflection:** Ongoing support will be requested from Dr. McMahon and PIE leadership to ensure that all stakeholders are able to successfully use real time data to have effective data chats and plan targeted support for improved learning.

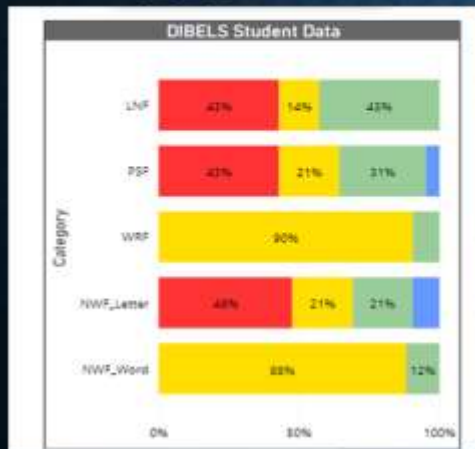

Snapshots from instructional-coach-led data chats during the week of September 28:
