and Description: 1.18_ACE_Credit Recovery - High Schools_111320
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: Currently, the Alternative Center for Education has 17 African American students enrolled on campus and virtually. We have 100% of the students completing courses on Edgenuity for credit recovery. Successful course completion will result in an improved gpa and advancement towards obtaining a high school diploma. Students are scheduled with subject area certified teachers to support them as needed. They are also provided with guided notes for each Edgenuity course, with the exception of a few courses.

Results of Action Taken: So far, 18% of African American students have completed at least one course toward credit recovery on Edgenuity.

Reflection: Students are continuing to work towards completion of semester and yearlong courses. Progress is monitored daily and support is always available as needed.
