

Evidence of Progress Monitoring
School District of Indian River County
#SDIRCStrongerTogether

Date: 10/5/2020

School/Department: Alternative Center for Education

**Action Step #
and Description:**

(If more than one action
step is evidenced here,
please include all action
step #'s and a brief
description of each.)

1.20_ACE_ Review Student Graduation Plans - HCO, C&I, SPSS, High Schools_100520

**Explanation of
Evidence:**

Principal Brown meets with the Academic Advisor on a weekly basis to discuss student performance as it relates to our data-driven tool call Power BI. The basis of our individualized meeting with our high school student navigates our discussions for academic improvement.

**Results of Action
Taken:**

Principal Brown was able to train the Academic Advisor on effective ways to use the data-driven tool to best serve our African-American students. We were able to specifically address each students' academic needs and build an understanding of the case history.

Reflection:

We were able to capture real-time data through Power BI, which provides us the opportunity to take new action steps to increase students' chances to graduate with an official high school diploma. We will consistently monitor each students progress and be proactive in our attempt to ensure they're success toward graduating with a high school diploma.
