

## African American Achievement Plan Evidence of Progress Monitoring

School District of Indian River County  
#SDIRCStrongerTogether

**Date:** 11/18/2020

**School/Department:** Liberty Magnet

**Action Step (number and description):** 1.25 - Universal Screening for Gifted Identification...School counselors will implement universal screening for gifted identification for all students prior to 4th grade across all District elementary schools utilizing procedures outlined in the state-approved District plan for increasing underrepresented populations in gifted.

**Evidence of Progress Monitoring (Please include narrative/description of the action taken. Where applicable, please include all measurable data.)** Our new school counselor was trained in the administration of the Universal Screening Implementation (KBIT). She will maintain a spreadsheet indicating the screening based on their racial subgroups. (Attached) Each month she will use student data during data meetings to identify students eligible for the screener based on the screening protocol and Plan A and Plan B criteria.

**Results of Action Taken:** Successful record keeping identifying sub-group representation

**Reflection:** With appropriate sub-group identification, there will be more advantages for enrichment opportunities for our African American student.

### Current gifted referrals through November 13<sup>th</sup> .
