

**Evidence of Progress Monitoring**  
**School District of Indian River County**  
**#SDIRCStrongerTogether**

**Date:** 10/19/2020

**School/Department:** Vero Beach Elementary

**Action Step # and Description: (If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)**

1.25 Universal Screening for Gifted Identification  
School counselors will implement universal screening for gifted identification for all students prior to 4th grade across all District elementary schools utilizing procedures outlined in the state-approved District plan for increasing underrepresented populations in gifted.

**Explanation of Evidence:**

At this time, Vero Beach Elementary has two students identified as Gifted (50% white, 50% multiracial). The school's leadership team, in conjunction with the classroom teachers have identified students scoring at the highest level on I-Rady at each grade level. This group of students will have a Referral for Assistance "RFA" created and will be screened for gifted services. The attached document are students that the district has identified as being in the top tier of achievement based on I-Ready. The assistant principal will work with the school psychologist, school counselor, and resource specialist to begin the screening process.

**Results of Action Taken:**

Screeners have been implemented and/or scheduled based on the list provided. Forty students have been identified.

**Reflection:**

The screeners for the gifted program can take up to 30 minutes each. If there were a process to employ a blanket screener, we may be able to capture more students and a more efficient manner. Ms. Matheny reached out to district level personnel to determine if a blanket screener was available.
