**Explanation of  
Evidence:**

The Alternative Center for Education has identified 3% of our African-American students who are currently enrolled in Advanced Coursework. 2% of our African- American students are enrolled in Leadership Honors skills and 1% enrolled in Physical Science Honors.

**Results of Action  
Taken:**

Our African-American students are moderately successful in our honors level courses. Due to poor attendance the achievement level in these courses have been stagnant. Our Academic advisor is diligently working with these students to influence them to attend school.

**Reflection:**

The Principal and the Academic Advisor will continue working with our African-American students to educate them on the benefits of taking advanced courses. Each student will be offered the opportunity to attend after school tutoring on Tuesday and Thursday.
