Explanation of Evidence:

FES will send the informational email, when we have the artifacts to send to the middle school team. Also, we will be increasing our communication regarding data that indicates students who are in need of advanced coursework at the middle school level. FES will use Unify and I-ready mid-year data. The information will be passed to Middle School administration.

Results of Action Taken:

Students identified would be scheduled to participate in advance courses in 6th grade Middle School

Reflection:

When done, FES would have foster students who were able to take advantage of a higher level of education in Middle School.
