measurable data.)**

The number and percentage of students in enrichment opportunities by race will be monitored by the admin team. At this time they include Audubon Advocates and Journalism. Science camp ended 3 weeks ago. To identify and support students for advanced coursework moving from 5th to 6th grade we will use the recommendations for students to be screened for gifted services based on Iready Fall diagnostic data. Ongoing monitoring of classroom scores and teacher recommendations will also be used to screen students.

**Results of Action
Taken:**

At this time, administration is scheduling students for screenings and students are participating in journalism and Audubon advocates.

Reflection:

The goal is for students to be engaged and challenged in Tier 1 with opportunities for additional enrichment outside of that time.
