

**Evidence of Progress Monitoring**  
**School District of Indian River County**  
**#SDIRCStrongerTogether**

**Date:** 10/20/2020

**School/Department:** Sebastian River Middle

**Action Step # and Description:** 1.33 Summer Programs  
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

**Explanation of Evidence:** Evidence includes a meeting invitation from Assistant Principal Ward to counselors for a brainstorming session on promoting advanced coursework for incoming 6th graders. This brainstorming session will not take place until January, after first semester grades are in for these 5th grade students. They will discuss how parents will be notified, how students will be identified, how students will be invited, exactly what summer enrichment opportunities would be beneficial, who might teach those summer programs, etc.

**Results of Action Taken:** Putting the information out to counselors now will give them an opportunity to think about it and research potential summer enrichment programs we might want to offer.

**Reflection:** We anticipate that having all three counselors brainstorming on this will provide good information and a solid plan for enrichment activities this summer.

Meeting to brainstorm – what can we do for summer enrichment to promote and get kids ready for advanced classes – we need to invite/look at 5<sup>th</sup> grade students at the beginning of the 4<sup>th</sup> nine weeks – how will we notify parents – just some thoughts to get us started.
