

Evidence of Progress Monitoring
School District of Indian River County
#SDIRCStrongerTogether

Date: 10/20/2020

School/Department: Sebastian River Middle

Action Step # and Description: 1.36 Articulation at Schools for Advanced Coursework
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: No new evidence at this time.

Results of Action Taken: As we manipulate the schedule for the return of Transitional and Virtual students we have combined some classes that were originally Gen Ed and Advanced into one class as long as the content and pacing are similar. This will give the Gen Ed students exposure to Advanced coursework.

Reflection: In the past, we have found that students will rise to your expectations, and very often, the simple idea that someone thinks they have the capability to perform at a higher level will be enough incentive for a "general" student to push themselves to be successful in advanced courses. We will evaluate the performance of these students at the end of the semester, and if they are NOT being successful, will implement supports so that they can be.
