

African American Achievement Plan Evidence of Progress Monitoring

School District of Indian River County
#SDIRCStrongerTogether

Date: 9/21/2020

School/Department: Strategic Planning & Support Services

Action Step (number and description): 2.11 Provide professional development training focused on trauma-informed care to all staff, with a focus on building school-based training capacity among identified staff (e.g., school counselors).

Evidence of Progress Monitoring (Please include narrative/description of the action taken. Where applicable, please include all measurable data.) The Student Services team identified online asynchronous PD available via the Centers for Disease Control focused on trauma informed care: <https://vetoviolence.cdc.gov/apps/aces-training/#/#training-top> The team will roll out the training requirement by September 30, 2020. Additionally, the team executed an agreement with Tykes & Teens on 9/18/20 that will provide intensive trauma informed care training and consultation to two schools (funded by Southeast Florida Behavioral Health Network; SEFBHN), in addition to ongoing no-cost TIC PD offered by Tykes & Teens (also funded by SEFBHN). Finally, the Coordinator of Mental Health & Social Services provided TIC-related PD to faculty and staff at SRHS (8/10/20) and TCE (8/21/20) and remains available to provide PD at additional schools.

Results of Action Taken: Trauma-informed care training and staff development is ongoing, and implementation will be monitored as training is completed.

Reflection: Trauma-informed care training is critical given the environmental stressors students and staff are experiencing in 2020.

SOCIAL/EMOTIONAL PD - 8/21/20

School : Treasure Coast Elementary

Presenter: Dr. Packard
