Action Step # and Description: 2.6_ACE_ MTSS Framework - All Schools_111820
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Explanation of Evidence: The MTSS team meets each Tuesday. The team is composed of: school principal, two ESE teachers, two general education teachers and a teacher's assistant. An agenda is provided to the team prior to the meeting so that each member can begin to brainstorm and bring ideas that contribute to the problem-solving process. All tier one interventions are exhausted and documented before a student is moved to tier two or three.

Results of Action Taken: The MTSS process has resulted in early identification of warning indicators that may affect a student's academic performance and behavior. The team has successfully been able to identify and address the needs of all students on campus.

The Reflection: The MTSS team will continue to meet on a weekly basis to evaluate all students and ensure their behavioral and academic progress.
