a brief description
of each.)

Explanation of   MTSS Agenda-See October 26th agenda (no school 11/2, and cancelled 11/9
Evidence: due to Tropical Storm ETA)

Results of Action   Assessments are made on student progress and if interventions are needed
Taken: based on Tier 1 performance and beginning of the year assessments. Tier 2
                           instruction is initiated with student and Instructional Coach guidance. MTSS
                           tracks progress of students and decided as a team to continue or move to Tier 3
                           instruction when needed.

Reflection: MTSS allows the school to made data driven decision in order to provide
                           instruction to all students and eliminate instructional barriers for struggling
                           students.
