(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Action Step 2.9 - Student Peer Mentorship

Monitor the implementation of a student to student peer mentorship program for African American students.

Explanation of Evidence: Survey students quarterly and use information collected to make program adjustments as needed

Results of Action Taken: Mr. Lee, ESE teacher, will be facilitating a mentoring program for students through our 21st Century program. This mentoring program will target 4th and 5th grade African American students specifically, and will use data to recruit students. This program will begin in October.

Reflection: We want to offer this opportunity to students in the brick and mortar and transitional models, so we will be rolling it out after the transitional students are invited back to our campus.
