

African American Achievement Plan Evidence of Progress Monitoring

School District of Indian River County #SDIRCStrongerTogether

Date: 9/21/2020

School/Department: Sebastian River High

Action Step (number and description):

2.10-In-School Suspension

Evidence of Progress Monitoring (Please include narrative/description of the action taken. Where applicable, please include all measurable data.)

The documentation that is attached will show a professional development roster in which administration discussed SDIRC and our new approach to school discipline in reference to In-School Suspension

Results of Action Taken:

SRHS Staff members have read and understand the Code of Student Conduct Handbook. We have determined the need for intensive interventions to proactively eliminate the behaviors that would result in In-School Suspension (ISS). To date, we have no Office Discipline Referrals (ODR) resulting in ISS. Our Success Coach has been trained on the use and implementation of Ripple Effects. Success Coach will also undergo formal training for Restorative Justice with LaVonne Walker.

Reflection:

We will continue to take proactive measure to ensure In-school Suspension is only used as a final intervention after all other interventions have been attempted with fidelity.
