

Evidence of Progress Monitoring
School District of Indian River County
#SDIRCStrongerTogether

Date: 10/22/2020

School/Department: Vero Beach Elementary

Action Step # and Description:
(If more than one action step is evidenced here, please include all action step #'s and a brief description of each.)

Action Step 2.10 - In-School Suspension (No new changes since 10/9 submission)
District will work with schools to conduct a review of In-School Suspension programs and support school's development of actions to improve outcomes.

Explanation of Evidence:

Quarterly monitoring of implementation of school action plans
When students are presenting challenging behaviors, the school counselor or school administration mentors the students and returns them to class as soon as possible.
No PD Training Rosters and Materials since August for Tykes and Teens

Results of Action Taken:

Currently, there are no suspensions at Vero Beach Elementary. We will continue to work on strategies learned from our school wide focus last year during our PD's of Trauma Informed Care, working with children who have adverse childhood experiences, and learn how to deal with problems through talking. We will monitor ODRs to see if this has helped.

Reflection:

PBIS monthly meetings continue to monitor our progress. We are currently rewarding our students for the positive choices they are making in the Wampum Store, using their Class Dojo points.
