4.31_ACE_Support Staff Transition to Teaching - HCO, C&I, All Schools_092820

Explanation of Evidence:

The Alternative Center for Education currently has 9 out of 11 certified teachers. We are currently supporting those teachers who are attempting to secure their 5-year professional certificate. Our support staff is not currently working toward a teaching certificate issue by the state of Florida, however we will encourage and groom them to future become educators.

Results of Action Taken:

The result of our actions is to maximize the potential of any support staff interested in gaining the opportunity to enter the teaching field.

Reflection:

Principal Brown will continue to monitor our progress toward inspiring support staff members to become certified teachers in the future.
