

**School District of Indian River County**  
**African American Achievement Plan 2020 -2021**  
**Assurances of Implementation of Action Steps**

In August 2020, the School District of Indian River County initiated the implementation of the 2020-2021 African American Achievement Plan. To review and ensure compliance with progress of action steps associated with the African American Achievement Plan, the District provides quarterly updates related to action steps accomplished and quarterly outcomes. Following the first quarter of implementation of the African American Achievement Plan, it became clear that increased time and effort should be invested in action step implementation in comparison with compliance activities. As such, the system associated with submitting evidence of the implementation of action steps was analyzed and revised to maximize the allocation of human capital and resources towards supporting students and staff in eliminating the achievement gap.

The attached documentation provides school level evidence of progress towards accomplishing action steps incorporated into the African American Achievement Plan. Documentation requirements have been designed to honor the full intent of the developed African American Achievement Plan while optimizing the efficiency and effectiveness of outlined actionable steps.

To support ongoing accountability of action step implementation, documentation, and progress the following assurances have been verified by the principal of each school:

- Action steps included within the 2020-2021 African American Achievement Plan have been implemented with consistency and purpose to eliminate the achievement gap.
- Progress related to action steps has been monitored at designated intervals (e.g., monthly, quarterly) outlined in the African American Achievement Plan.
- Data reviews have been conducted to identify areas of strength and concern and disaggregated data will be provided upon request.
- Progress related to the elimination of the achievement gap has been monitored in an ongoing way and needed modifications have been made as identified.

These assurances have been reviewed and verified on: 5/28/2021 (TJ)

### **Quarterly Reflection**

(Please summarize any reflections based upon action step implementation for the quarter. What are areas of progress or opportunities for growth? What are next steps based upon work accomplished?)

#### Areas of Progress:

Science-Strategic schedule changes that included moving our High Impact Teachers with a history of student growth/gains to all the 8<sup>th</sup> grade sections. Removed the antiquated scheduling method of all the gifted students being taught by one teacher. This created a more student-centered approach to teaching and gives our students the best learning environment. This also created less preps for the teachers which is always a plus in terms of planning and collaborating.

#### Next Steps:

Plan Bootcamps for the fall semester based on the results of the school FSA data.

The S.T.E.A.M Team will collaboratively plan this summer to begin integrating Marine Science and Robotics at GMS throughout within each subject.

We will conduct an Indepth review of the Master Schedule on June 10<sup>th</sup>, 2021.

**Action Step 1.5**

Date of Quarterly Review of School Improvement Plan	5/28/2021
Does the School Improvement Plan Continue to Address the Achievement Gap for African American Students?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If no, what modifications will be made to address the achievement gap?
Summary of Action Steps / Plan based upon District Impact Review (based upon District & School Level Reviews)	Our School Improvement Plan continues to address the achievement gaps of our African American students. Based on our last Impact Review, our school has showed progress in the area of Cultural and Climate in the classrooms. We are continuing to work to improve the level of Engagement and Standard Based Instructions in the classrooms. Our teams met with district personnel monthly to problem solve and conduct error analysis of the items our students struggled with on district unit assessments and develop action steps to address the gaps in the classroom. Our teams continue to collaborate during planning to ensure that each lesson is taught to rigor of the standard.

**Action Step 1.11**

Methodology and documentation of equitable participation in extracurricular activities	A culminating meeting of the Superintendent's Student Advisory Council was held in April 2021 to share with students how the feedback that they had provided throughout the year on various topics (e.g., college planning, equitable access to activities) had been used or is planned on being used to make improvements in the school experiences of students. The Superintendent's Cabinet members were present at the session not only to share the work of their individual offices in this regard, but also to respond to questions students had. Also, during this session, students participating on this year's council were recognized for their contributions to this body of work.
--	---

**Action Step 1.14**

Summary of meetings with the African American Student Council to identify opportunities for improvement and monitor progress of African American students, collected feedback from the meetings and any modifications to the school-site plan.	On 4/06/2021, our African American Student Council students had the opportunity to have a firsthand experience into possible future career path during the field trip to TCTC. There, the students got to see the professionals actively working in their career. Our African American students also had the opportunity to attend STEAM Fest on 4/17/2021.

Date(s) of School Level Review(s) of Performance, Progress, & Regression of African American Students	4/19/2021
District Review Conducted of Academic Performance, Progress (e.g., course failures, concordant scores, GPA, advanced coursework) & Regression of African American Students	<input type="checkbox"/> Yes <input type="checkbox"/> No
Summary of Action Steps / Plan based upon Review of Performance, Progress, & Regression of African American Students (based upon District & School Level Reviews)	The team focused on our bottom quartile students in Reading, Math, Civics and Science with the goal is to get them to be proficient on the upcoming FSA. To address the deficiencies in the students' academics. We have created writer's workshop, after school boot camp for reading, math and Civics and an additional Mathletics for our African American boys. These After school activities will we conducted over 6 secessions before the FSA and are strategically focused on the areas that the students are showing the most need.

**Action Step 1.38**
