- Progress related to action steps has been monitored at designated intervals (e.g., monthly, quarterly) outlined in the African American Achievement Plan.
- Data reviews have been conducted to identify areas of strength and concern and disaggregated data will be provided upon request.
- Progress related to the elimination of the achievement gap has been monitored in an ongoing way and needed modifications have been made as identified.

Phase 2: Full Implementation

High Yield Strategy

Collaborative Planning

Implementation Step

In response to observations of tier 1 instruction in the first quarter, the master schedule and collaborative planning schedule were redesigned. Phase 2 collaborative planning will be by grade level and content area groups every week in the media center. This alignment to the work will be supported by instructional coaches and administration. The theory of action around the revised collaborative planning is to align the work, create a system of support, and increase teacher efficacy where teachers learn from one another.

The Instructional Coaches will support Teacher-Led Collaborative Planning; The Principal and Assistant Principal will conduct frequent classroom walkthroughs to examine the appropriate delivery of Tier 1 instruction and intervene as required; both of the aforementioned action steps are implemented for all students which the goal of closing achievement gaps for all subgroups, including African American students.

Person Responsible

Aretha.Vernette@indianriverschools.org

Expected Evidence

Evidence of the revised collaborative planning step include coach logs, collaborative planning notes, lesson plans, and classroom walkthroughs weekly. Additional evidence will include the alignment of the lesson taught to the lesson that was planned.

Monitor

Aretha.Vernette@indianriverschools.org

Monitor Methods

Classroom walkthroughs, impact reviews, weekly support of the collaborative planning sessions, and improved student data on the winter i-ready diagnostic will serve as monitoring methods for this implementation step.

Strategy AAAP 3.1 (ALL SCHOOLS): Increase communication regarding the availability of extracurricular activities through the dissemination of a resource that provides information for individual schools.
